

## **January 1999 Hospital Radiology Database Created for DWD by MCRS**

**Title:** January 1999 Wisconsin Worker's Compensation Hospital Radiology Data Base.

**Note:** Data was contributed by 15 hospitals and formulated according to State directives by MCRS.

The certified formula amounts shown in the radiology data base only reflect the technical component of the service. These amounts do not include the professional components or other related charges. This should be considered when reviewing hospital bill and making any re-imbursements using the certified amounts in this radiology data base.
